

# DMI Data Reporting for J&A

7.05.2022

This week's installment is all about evangelization. During our three-night Pentecost mission, we heard from [Fr. Patrick Baikaukas](#). He called us to be more creative evangelists. He shared that God didn't intend for evangelization to be orderly especially when he is trying to break through to us. We are not teaching new things; we just need more personal effort and intentionality to take opportunities to share our faith with those we encounter. Sometimes we miss these opportunities to evangelize but we can always try again!

We invite you to take some time to review these stats around missionary impulse and consider how you might make personal effort to evangelize in your life.

“
